Fossil Butte National Monument

Explore one of the world's largest deposits of freshwater fish fossils at Fossil Butte National Monument. Fossil Butte National Monument protects Fossil Lake and portions of the Green River Lake ecosystem, rich with fish, alligator, bat, turtle, small horse, insect and plant fossils. Be sure to visit Fossil Butte's visitor center with over 300 fossils on display. To make the experience even more memorable, visit a nearby fossil quarry where you can hunt for these ancient artifacts and dig your own fossils. If you're lucky enough to find one, you can even take it home! http://www.nps.gov/fobu/
